

Oscillation Machine OSM

OSM 振动染色皂洗机

Model:OSM-12

Features

- The design of this machine is to replace traditional oscillation bath, as a Green Product, emits less water vapour, less heat lost, less machine motion noise.

Application

- Soaping process
- Atmosphere pressure dyeing
- Color fixing process
- Chemical agents testing

Model

- OSM-12
- OSM-24

Specification

- 12/24×250ml glass conical flash beaker with silicone lid.
- Option :
Screw type lid on request.
- 1×oscillation water bath with a rail motion.
- An 2.5kw external heater to accelerate heat up as well cool water.
- 1×UPC controller to control temp. and time setting.
- Temp.up to approx. 95°C.
- Distance of oscillation is approx 50mm.
- Variable speed to and fro up to approx 100/min.

Model	OSM-12	OSM-24
Pot position No	12	24
Voltage	220V / 50Hz	220V / 50Hz
Power	3KW	5KW
m/c dimension(W×D×H)	885×870×400mm	1380×870×400mm
m/c weight	40kg	70kg
